*Custom requests not shown here are available.

JG-TS takes the hassle out of **computer repair**. When your system goes down, it doesn't have to take your lifestyle with it!

Our services are always guaranteed

Tune up your PC to make it run faster. In most cases, consultants can remotely log into your computer to troubleshoot, suggest fixes and provide tips on how to keep your computer running smoothly.

You're investing a lot in a TV or entire entertainment system, but that doesn't guarantee you'll get immediate gratification. The best way to make sure you can enjoy your purchase completely is to have professional setup.

Enjoy great surround sound from your home theater without a complex installation process. We will correctly connect your new audio components and integrate them with existing A/V equipment, so you can get the most out of your music.
